

4TH ANNUAL SOUTHERN BOREAL BIRD FESTIVAL

JUNE 4-6, 2010

Come and visit the spectacular Allegheny Highlands and enjoy our amazing diversity of breeding birds and their habitats. Bird walks, guest speakers and other fun activities for everyone from bird experts to beginners.

During last year's festival, our expert leaders found twenty-three species of warbler in their breeding grounds, including the elusive "Brewster's" Warbler, a hybrid of Blue-winged and Golden-winged Warblers.
